Town of Bethany Beach FY 2023 Budget Overview

Budgetary Process

The budget is prepared by the Town Manager in conjunction with the Finance Director and Department Managers. Department requests are discussed with an emphasis on minimizing waste while ensuring that employees have the tools needed to meet operational needs. The town-wide budget is compiled into a draft budget and submitted to the Budget and Finance Committee for review.

The purpose of the Budget and Finance Committee is to provide assistance and guidance to the Town Manager and staff leading to the development, drafting and review of the Town's annual budget, both short-term and long-term. The committee reviews the proposed budget and schedule of fees, conducts mid-year reviews comparing the budget to actual results and makes recommendations regarding budget adjustments. The Town's Fund Balance Policy gives direction to the Budget Committee regarding the appropriate level of Operating, Capital Replacement and specific reserves in each fund. The Budget Committee holds meetings, which are open to the public, generally in the months of January, February, March, July and October to accomplish these tasks.

The budget is presented to the Town Council in March. The Town Council reviews the budget and holds a public hearing to allow the public to provide input. The Council then votes to approve the budget or request specific changes. This vote usually occurs at the March Town Council meeting. Fiscal year 2023 runs from April 1, 2022 to March 31, 2023.

Budget Segments

The General Fund is the largest segment of the Town's budget and encompasses all Town services except for the Sanitation and Water Departments. The three main funding sources are property taxes, rental taxes and parking. The largest portion of funds goes to Public Safety which includes the Police Department and Beach Patrol (lifeguards). The second largest portion of funds goes to Public Works that includes Streets & Parks, Stormwater and maintenance of the Beach, Boardwalk and Comfort Station.

The Sanitation Department is a stand-alone Enterprise Fund. This means that it is a self-supporting department so that sanitation fees are used only for sanitation related expenses. The Sanitation Department's main operational costs are for personnel and for disposal fees charged by the Delaware Solid Waste Authority. Reserves are maintained for the replacement of trash trucks.

The Water Department is also a stand-alone Enterprise Fund. The operational and capital needs of the town water system are funded entirely through water specific revenue. Water services are priced with a goal of fully funding the current and future water service needs of the town. The Water Department's main operational cost is personnel followed by the chemicals needed to treat the water and then the electricity needed to run the equipment.

The Water Department Debt Service Fund is funded through a Sinking Fund Fee. This fee is charged to all properties based on front footage. Monies raised from this fee are restricted to use for repayment of the principal and interest of Water Department debt.
